About US

Zaghwan Co. has a rich and storied history that reflects its evolution as a prominent player in the agricultural and pharmaceutical sectors in Saudi Arabia.

Zaghwan Co. traces its origins back to its founding as a subsidiary of Alsahli Holding Company, a visionary enterprise established since more than 40 years by Sheikh Abdulmohsen Alsahli.

Collaborating with renowned European multinational pharmaceutical companies like MSD Animal Health, Prenimal BV Holland and some of Arabic origin like Jovet.

Our Values

Integrity

We uphold the highest ethical standards in all our interactions, transactions, and decision-making processes. Honesty, transparency, and accountability are the cornerstones of our business.

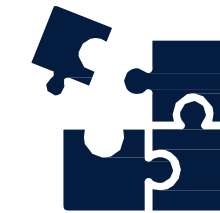

Excellence

We are committed to delivering products and services of the highest quality, continually striving for excellence in all aspects of our work. We set rigorous standards and consistently meet or exceed them.

Collaboration

We recognize that our collective strength is greater than the sum of our individual efforts. We foster a collaborative and supportive work environment where each team member's contribution is valued.

Innovation

We embrace innovation as a means to drive progress. We actively seek new solutions, technologies, and practices that enhance animal healthcare, agricultural sustainability, and our own operations.

Vision

To be the leading supplier of veterinary pharmaceutical and biological products in Saudi Arabia and the Gulf region, driving innovation and excellence in animal healthcare. We aspire to play a pivotal role in enhancing the well-being of livestock, supporting sustainable agriculture, and contributing to the realization of Saudi Vision 2030's goals for a diversified and thriving economy.

Mission

Our mission is to provide the highest quality veterinary pharmaceutical and biological products to safeguard the health and well-being of livestock across Saudi Arabia and beyond. We are dedicated to delivering innovative solutions and exceptional service to our customers, all while contributing to the sustainability and growth of the agricultural industry. Our commitment is driven by a deep sense of responsibility, ethics, and a vision of a healthier, more prosperous future for our nation and its agriculture sector.
